GENUINE SOLID BRONZE

## MOOI

SHOWER ENCLOSURES

# ELEGANCE INSPIRES

Discover heritage-grade shower enclosures handcrafted for the discerning individual and exuding the irresistible warmth and natural character of bronze.

We cherish the timeless value of bronze as we build upon a tradition of excellence centuries in the making. Everything we create is tailored to the needs of owners, designers and architects. Culminating in distinctive designs that innovate and inspire.

When you choose Renaissance Genuine Solid Bronze, you're choosing exceptional elegance, expert craftsmanship and enduring value. You're choosing the very things bronze embodies.

## INSPIRING SHOWER ENCLOSURES BUILT WITH GENUINE BRONZE

Renaissance Genuine Solid Bronze specializes in bespoke architectural bronze products for luxury homes and commercial properties.

# WHY BRONZE?

It's much more resistant to adverse conditions than traditional alternatives and unlike aluminum or steel, it doesn't rust or degrade.

## NOTHING IS AS ELEGANT AS BRONZE

When it comes to substance, strength and style, nothing is as true or time-tested as bronze. Luxurious luster, dependable durability and fluid flexibility have made it a material for the ages.

Instead, our genuine bronze develops a protective barrier that makes it practically impervious to dirt, damage, and water – making it the perfect pairing for upscale bathrooms. Our hand-crafted, high-quality bronze Mooi shower doors withstand

drastic changes in temperature and humidity without corroding, cracking, or losing their visual appeal. Better still, all of our Mooi shower doors are built custom to fit the exact specifications of your space.

# THE PINNACLE OF REFINED BRONZEWORX

## MOOI

### SHOWER ENCLOSURES

Our Mooi shower doors are perfectly hand-crafted to push the boundaries of style and strength. Offering designs that feature an ultra-narrow bronze framework, enjoy complete customization over your space for a signature feel of sophistication. Renaissance Genuine Solid Bronze's superior non-corrosive bronze is the ideal material for showers and bathrooms as it stands up to moisture and damage far better than steel or aluminum.
